

CATEGORY	PROGRAM CODE	PROGRAM NAME	DURATION
UPSTREAM PRODUCTION	USP 001	Introduction to Petroleum Industry	5
	USP 002	Surface Field Production Engineering	5
	USP 003	Integrated Production Optimization using NODAL Analysis	5
	USP 004	Artificial Lift Technology	5
	USP 005	Beam Pump "Sucker Rod" Design, Implementation and Troubleshooting	5
	USP 006	ESP Design, Implementation and Troubleshooting	5
	USP 007	Gas Lifting Design and Implementation	5
	USP 008	Production Problem Solving	5
	USP 009	Cased-Hole Logging	5
	USP 010	Intelligent Completions	5
	USP 011	Formation Damage Evaluation and Control Strategies	5
	USP 012	Well Stimulation	5
	USP 013	Acid Stimulation	5
	USP 014	Hydraulic Fracturing	5
	USP 015	Coiled Tubing	5
	USP 016	Basic Wireline Operations	5
	USP 017	Advanced Wireline Operations	5
	USP 018	Wellhead Operation and Maintenance	5
	USP 019	Well completion & production enhancement modules	5
	USP 020	Well Production Technology	5
